

INTERIOR CONTRACTORS

CORIAN FABRICATORS

HOTELS

case study: The Pasture Lodge Hotel
location: Mexborough.

Brief : This project entailed a high quality internal fit out of all public areas including 30 new bedrooms with en suite facilities, a 70 seater Ala carte restaurant with champagne bar and eye-catching seating units.

A central atrium housed the unobtrusive reception counter with relaxed chill out areas sat alongside.

Also situated on the First floor was a flexible function suite catering for conferences, weddings and private parties.

All internal finishes were designed, sourced or constructed by IWCF.

I have worked with IWCF on five major projects. Each project has shown creativity, quick grasp of goals with a rapid and thorough response. Innovative with new approaches and fresh ideas; project management with enthusiasm and motivation.

M. Chappell – Managing Director & Owner of Pastures Lodge Hotel.
