

BARS & BACKFITTINGS

case study: Popolos Bar
location: Sheffield City Centre

Brief: To work alongside the client to produce a modern bar within a new stylish area in Sheffield City Centre – Leopold Square.

The Clients theme of bold striking accent colours, red with black and white were carried through over the two levels of this prime property.

The central bar servery was positioned to create a main feature when entering the space – framed with stylish lanterns & canopy hanging fonts hanging over head.
